

Amadeus

Company Information

What can I find in Amadeus?

- The database contains comparable financial data from approx. 24 million listed and private European companies.
- Company reports contain, among others, balance sheet items, profit and loss accounts, key financial figures, description of business activities, information on shareholdings, and information on shares and share prices.

How can I access Amadeus?

- Go to the library's website:
<http://www.thi.de/en/service/university-library/information-resources/databases.html>
- Select **Company information** → **Amadeus**.

Search functions

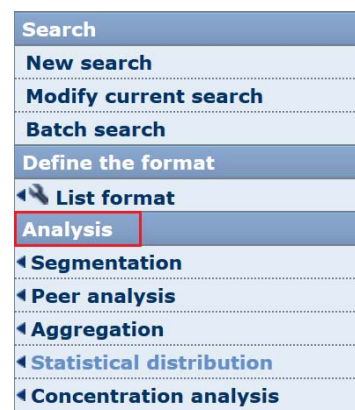

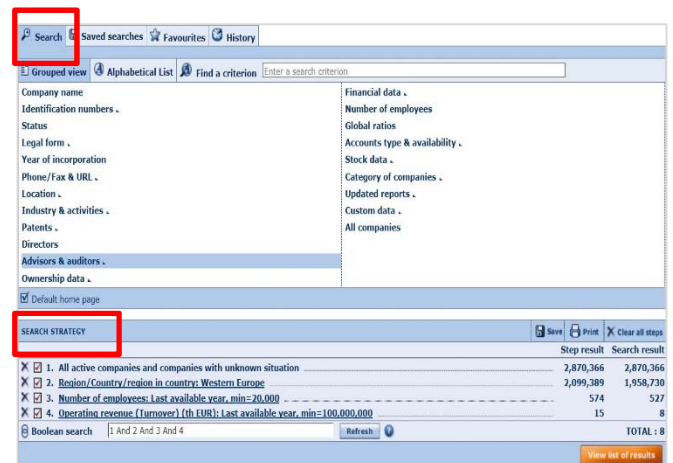

- Next to the search field, you can select a search criterion using the pull-down menu.
- **Search** enables a very specific search with a large number of search criteria.
- Using **Search Strategy**, you can combine your queries with operators and save the search history as well as your findings.

Analysis of Company Data

- You can view, compare and generate a graphical display of company data.
- The diagrams created can be exported in various formats.

Tips

- Use the  **Help** button in the menu bar on the right next to the search field for further explanations on the database. You can also find the **User guide** here.
- **Important:** For Amadeus, only **one** access is licensed for the entire campus.
