

Press Reader

General

What can I find in Press Reader?

- The database contains more than 7000 international newspapers and magazines.
- Being registered and logged in, the user can change the user interface to match his personal interests.

How can I access Press Reader?

- Go to the library's website:
<http://www.thi.de/en/service/university-library/information-resources/databases.html>
- Select **Journals and Newspapers** → **Press Reader**.

Search/Result List

- To change the language, use the three little buttons in the top right corner.
- The search is predefined as a full text search. A title search is also possible.
- The symbol  helps you to change **Settings**, browse **Publications** or show **Opinion Trends**.
- Articles can be read in original layout or in text view.
- Articles can be read out loud or translated.
- There are Apps available for the usage of Press Reader on mobile devices.

Tips

- Use the **Help Center** for additional explanations of the database.
