

SAE Mobilus

Engineering

What can I find in SAE Mobilus?

- The database is provided by the Society of Automotive Engineers (SAE).
- It contains standards, technical papers, reports, journals and books of aeronautical and automotive engineering.

How do I access SAE Mobilus?

- Go to the library's website:
<http://www.thi.de/en/service/university-library/information-resources/databases.html>
- Select **Electrical and Mechanical Engineering, Computer Sciences** → **SAE Mobilus**.

Search/Result List

- The result list can be sorted and refined thematically in various ways.
- By selecting **My Access** you can limit the search results to accessible content.
- Displaying single results, you get the most important information about the documents and different possibilities to use them.
