

## Questionnaire for Applicants of the M.Eng.-Programme "AI Engineering of Autonomous Systems"

Dear Applicant,

You are asked to answer the following questions in order to specify more details of your application and to facilitate the evaluation of your application. Please make sure that your information is consistent with your certificates.

First name: \_\_\_\_\_ Last name: \_\_\_\_\_

Application number: \_\_\_\_\_

1. Characterize the type of Bachelor programme you graduated in:

- a. mechanical engineering
- b. electrical engineering
- c. computer science
- d. natural science
- e. other

2. State the name and location of the university from which you graduated:

\_\_\_\_\_

3. State the name of the department/faculty/school offering your Bachelor programme:

\_\_\_\_\_

4. Specify the credit point system used in your Bachelor programme

- a. credit point abbreviation (e.g. ECTS) \_\_\_\_\_
- b. hours of time per credit point \_\_\_\_\_
- c. total number of credit points of your Bachelor programme \_\_\_\_\_

5. Specify the grading system (must be consistent with grades in your certificates)

a. scores of the grading system (e.g. A+, A, B, C, D, E, F)

\_\_\_\_\_

b. best grade that can be achieved

c. grade that must be achieved to pass

6. List names and credit points of most important subjects in which mathematical or statistical skills were taught:

	Subject / Module	Credit Points
1.		
2.		
3.		
4.		
5.		
6.		
Sum of credit points		

7. List names and credit points of most important subjects in which programming and software engineering skills were taught:

	Subject / Module	Credit Points
1.		
2.		
3.		
4.		
5.		
6.		
Sum of credit points		

8. List names and credit points of most important subjects in which engineering skills were taught (e.g. control engineering, signals and systems, modelling and simulation, micro controller systems, communication networks, systems in computer science):

	Subject / Module	Credit Points
1.		
2.		
3.		
4.		
5.		
6.		
Sum of credit points		

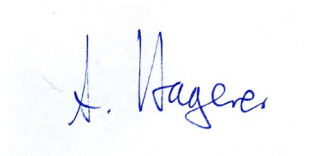

9. State the title of your thesis:

---

10. Specify your knowledge of German

- a. A1
- b. A2
- c. B1
- d. better than B1, but not native language
- e. native language

Thanks a lot.

Prof. Dr. Andreas Hagerer

Dean

Faculty of Electrical Engineering and Information Technology
