Issue of notifications

You can receive notifications in connection with your application to Technische Hochschule Ingolstadt solely electronically or additionally by post. The electronic notifications in PDF format are sent to your user account on the THI application portal where you can view, print and save them.

Online notification gives you considerable benefits as compared to having the documents sent out by post:

- Generally speaking you will receive notifications 3-5 days earlier online than by post. So you will find out more quickly whether you have been accepted to study at THI.
- All documents issued online are available to you round the clock (for the duration of your THI application).
- I agree to my THI notifications being issued to me solely electronically via the application portal. If required by the relevant national law, I will receive additional notifications by post.
- I do not agree to my THI notifications being issued to me solely electronically via the application portal. I wish to continue receiving all university notifications by post.

Note: You can alter this decision at any time in the application portal under “Settings”.
