Prioritize listed applications
Number 1 is the most desired study course, number 2 second most desired etc.

Without prioritizing applications will be listed randomly
Coordination phase
(winter term: 16.07. to 28.08., summer term: 16.01. to 24.02.)

Offers of admission will be made in the portal of Hochschulstart (starting beginning of August/February).

Transformation of offers of admission to actual admission through Hochschulstart takes place according to the following rules:

1. When an additional offer of admission is generated all remaining applications with offers of admission with lower priority are instantly eliminated.

2. Applications without offer of admission stay until the end of the coordination phase and can be prioritized.

3. Transformation of an offer of admission to actual admission takes place when there either is only one active application with an offer of admission left or when the coordination phase ends, because then the best possible offer of admission (according to prioritization) turns to an admission.

* A once generated admission is final, as all remaining applications are being eliminated instantly! Consequently, it's highly relevant to prioritize as early as possible, in the best case within the application phase! *

Enrollment phase

Within three working days after the transformation of an offer of admission to an actual admission in the portal of Hochschulstart applicants receive their notifications of admission in the PRIMUSS-portal.

- **Check:** do uploaded documents in PRIMUSS-portal have the status „OK“?
- **Check:** does the application have the status „valid“ in the portal of Hochschulstart?

Employees of the university check on the uploaded documents, which takes app. one week; towards the end of the application period in takes more time, therefore we recommend to apply as soon as possible!

The status „valid“ gets set from employees of the university after checking the documents; due to synchronizing reasons (between PRIMUSS-portal and Hochschulstart) a time delay of one working day between documents getting status “OK” in PRIMUSS and the application getting status “valid” at Hochschulstart is perfectly normal.

Coordinated moving up
(winter term: 25.08. to 30.09., summer term: 25.02. to 31.03.)

Coordinated moving up takes place in case the university still has vacancies after the end of the coordination phase. Precondition for taking part is: no admission in the preceding coordination phase.
